

## Directions to the Cape Cod Rail Trail from Cranberry Cottages

To get to the Rail Trail from the cottage area, you need to take the path through the blueberry patch, which will lead you to South Eastham Street. The path is located across the cottage road from the Nauset Disposal dumpster. Just head down the dirt path towards the garage building; you will see a path covered with wood chips to the left of the garage.

- The Cranberry Cottages path ends at South Eastham Street.
- Directly across from you, you will see South East Street. Go down this street until it ends – one long block.
- Take a left and go down the road a short ways until it ends at North West Street (about a block).
- Take a right onto North West Street and walk a short way to Bayland Way – it's on your left.
- Go down Bayland Way about a block – it ends at the bike trail.
